SPALLUMCHEEN BY-LAWS.

BENNETT CREEK DRAINAGE BY-LAW, No. 26.

A By-Law to provide for the draining of parts of Township 35, in the Spallumcheen Municipality, being the south-west quarter, north-east quarter, and south-east quarter of Section 9, and the south-west quarter and north-west quarter of Section 10, and south half of Section 15, of the Bennett Creek Draining Scheme, and for borrowing, on the credit of the Municipality, the sum of three thousand five hundred and eighty-five dollars (\$3,585) for completing the same.

[Provisionally adopted the 13th day of May, A.D. 1899.]

WHEREAS a majority in number and value of the owners, as shown by the last revised assessment roll of the property hereinafter set forth to be benefited by the drainage, have petitioned the Council of the said Municipality, praying for the drainage of the following lands in said Township 35, within the boundaries of the said Municipality of Spallumcheen, commencing at a point on boundary between J. Laur and Wood, Cargill & Co., in S.W. ¼ Section 9; thence north-easterly to old creek; thence easterly and north-easterly, following the direction of the old creek, to a point joining the old creek in N.E. ¼ Section 15:

And whereas thereupon the said Council procured an examination to be made by J. P. Burnyeat, C. E., being a person competent for such purposes, of the said locality proposed to be drained, and has also procured plans and estimates of the work to be made by the said J. P. Burnyeat, and an assessment to be made by him of the land to be benefited by such drainage, stating as nearly as he can the proportion of benefit which, in his opinion, will be derived in consequence of such drainage by every lot or portion of lot, the said assessment so made being the assessment hereinafter by this by-law enacted to be assessed and levied upon the lots and parts of lots hereinafter in that behalf specially set forth and described, and the report of the said J. P. Burnyeat in respect thereof, and of the said drainage, being as follows:—

“VERNON, B. C., April 7th, 1899.

“The Reeve and Councillors of Spallumcheen Municipality, Armstrong:

“SIRS,—Pursuant to your instructions of February 13th to proceed with the survey of Bennett Creek drain, I have the honour to enclose you herewith plan, profile, details of acreage to each owner, and minor details of construction and estimated cost, together with statement of time of men employed, board, and other accounts.

“Levels were run and measurements taken to establish limit of benefit area, and a height of 18 inches was adopted for such limit above the banks of the Bennett Creek. After the high water, and before commencement of work, the centre stakes will require to be marked with the cuts, and slope stakes set out, and a specification prepared for the guidance of the contractor.

“The ditching already done in the old channel between Stations 27 and 69 will be utilized by the new channel, and the line from Station 88 to the end was run along old bed of creek and near the foot-hills, thereby cutting the narrow meadow as little as possible.

“The ditch will be 2½ miles long, and for the first 4,000 feet will require to be eight feet wide on bottom, and the balance 10 feet wide, and sloped one to one, having an average depth of about four feet.

“The scheme is wholly feasible and practicable, and the estimated cost is \$3,585.

“I have the honour to be, gentlemen,

“Your obedient servant,

(Signed) “J. P. BURNYEAT, C. E.

Be it therefore enacted by the said Municipal Council of said District Municipality of Spallumcheen, pursuant to the provisions of the Municipal Act:—

1. That the said report, plans, and estimates be adopted, and the said drain, and the works connected therewith, be made and constructed in accordance therewith.

C. and have attached to them coupons for the payment of interest.

3. That for the purpose of paying the sum of three thousand five hundred and eighty-five dollars (\$3,585), being the amount charged against the said lands so to be benefited as aforesaid, other than lands belonging to the Municipality, and to cover interest thereon for twenty years at the rate of six per centum

per annum, the following special rates, over and above all other rates, shall be assessed and levied upon the under-mentioned lots and parts of lots, and the amount of the said special rates and interest assessed as aforesaid against each lot or part of lot, respectively, shall be divided into twenty equal parts and one such part shall be assessed and levied as aforesaid in each year for twenty years after the final passing of this by-law during which the said debentures have to run.
